## SUMMARY

---

I am a hard working **Full Stack web developer** with a passion for **Front-end and design**, i like to develop complex front-end applications and challenge myself to improve my skills.

## PERSONAL HOBBIES

---

When I'm not on the computer coding, some of my hobbies are: **Badminton, Basketball, Music Production, and aquascaping**

## PROJECTS DONE

---

### URL shortener

FRONTENDMENTOR.IO (2022)

- This Project consisted on **integrating the shrtcode URL shortening API** (<https://shrtco.de/>) to create an URL shortening app with an **elegant looking UI**.

### Pokedex

UPLIFT CODE CAMP (2021)

- This is one of the projects of our coding bootcamp. We initially had a list of pokemons to display, but because of my passion for Front-end development, I instead **pulled the data from an external API, adding a layer of complexity** to the project
