- React JS (Next JS as my chosen framework)
- Node (express)
-PHP
-MySQL
-MongoDB
-Wordpress

Soft Skills
-Perfectionist
-Sociable
-Hard working
-Decisive
-Practical

SUMMARY

I am a hard working **Full Stack web developer** with a passion for **Front-end and design**, i like to develop complex front-end applications and challenge myself to improve my skills.

PERSONAL HOBBIES

When I'm not on the computer coding, some of my hobbies are: Badminton, Basketball and most of all playing some musical instruments like the guitar and drums

PROJECTS DONE

Chat APP

UPLIFT CODE CAMP (2021)

- This is my personal full stack project that I created with the MERN stack, I created this app because it would allow me to express my personality (being a sociable person) and would challenge me to learn about new concepts in Javascript

Pokedex

UPLIFT CODE CAMP (2021)

- This is a project of our coding bootcamp. We initally had a list of pokemons to display, but because of my passion for Front-end development, I instead pulled the data from an external API, making the project more complex and exiting.

EDUCATIONAL BACKGROUND

ITIS Caramuel-Roncalli (Vigevano)

LICEO SCIENTIFICO SCIENZE APPLICATE - 2019

Uplift Code Camp

BOOTCAMP GRADUATE - 2021
